REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

J. L. Cain Elementary is a Title 1 School committed to meeting the individual, social, academic, and physical needs of all students. The school's goal is to teach, nurture, and motivate students to become successful life-long learners. The faculty and staff have created an environment that is student-centered, challenging, engaging, and meaningful. Parents and community members offer support and leadership through the PTO, School Improvement Council, School-Wide Management Team, Title 1 committees, conferences, and special events.

J.L. Cain Elementary assists and supports professional growth by providing professional development opportunities based on best educational practices and teacher/student needs. Conferences, workshops, courses, book talks, and grade level planning are offered during the school year and summer to allow teachers to become more knowledgeable in best practices to enhance instruction and student learning. Keeping abreast of best educational practices has had a positive influence on student achievement.

The focus of J. L. Cain's curriculum is based on the South Carolina Curriculum Standards. The school's curriculum and instruction include a balanced literacy model, math problem solving and spiraling, higher-order thinking and reasoning skills, technology integration, collaborative learning, student/teacher reading/writing conferences, character education, and a positive approach to discipline. This year a reading intervention program, Read Well, was implemented in kindergarten, first, and second grades to promote reading success for at-risk students. MAP Primary software was added this year to assess students in reading and math. The MAP data allowed teachers to determine strengths and weaknesses to alter and guide instruction.

To assist the students in building character and becoming good citizens, several service learning projects were completed. Students, staff and parents participated in Jump Rope for Heart, Operation Christmas Child, Math-a-Thon, staple goods collection for a community food center, and gift collection for needy children. Students also participated in Terrific Kids and Students Taking a Stand Against Drugs.

J. L. Cain offered extracurricular activities to meet the diverse needs of students. These activities included field trips, artist-in-residence, musical performances, Fine Arts Night, May Day, field day, and art exhibitions that helped to instill a sense of pride and respect for self and others.

J. L. Cain Elementary will continue to use data to enhance instruction, improve student achievement, meet students' needs, and build a strong academic learning environment. The school will also continue to strengthen home-school-community relationships.
